For what is probably the first time in her career we find "America's Sweet-heart" involved in a society drama. The backbone of the story resis on a series

of incidents occurring in a manifon on Long Island. Every angle of life in this domicile is shown, from the garage where Mary hides the two waifs she brought with her from the Old Country, to the supptions drawing room where we observe the ultra-murt set of Long Island engaged in the long-established society pastime of bridge playing. The picture gets its title from the fact that the daughter of the hostess is forced, through a peculiar combination of circumstance to become a servant in the house befor-finally being recognized by her mother
